MARTINSVILLE-HENRY COUNTY SPCA

132 Joseph Martin Highway, Martinsville, VA 24112

www.spcamhc.org

Service Overview

The Martinsville Henry County SPCA is a nonprofit organization that is located in Martinsville, Virginia. We are dedicated to serving animals and people by engaging the hearts, hands, and minds of the community. We aim to preserve the relationships of families and their pets through improving animal living conditions, increasing immunity via Wellness Clinics, reducing overpopulation through spay/neuter efforts, and re-homing animals when needed.

- **Animal Services (Need-Based):** The SPCA maintains a food bank of cat and dog food to assist people experiencing difficult situations. This enables community members to retain their beloved pets. We may discount the cost of spay/neuter to address breeding and/or behavioral concerns for families with unaltered animals.
- **Youth Development:** The SPCA hosts 2-3 Summer Camps each year for children. These learning events teach children how to care for, and safely interact with, animals. We work with Animal Control, PetSense, trainers, and groomers as guest speakers to round out this education for the children.
- **Louise R. Lester Spay & Neuter Clinic:** The SPCA opened the Louise R. Lester Spay & Neuter Clinic which focuses on decreasing pet population and increasing immunity in our area. The clinic offers services to the public for residents to have their animals vaccinated, dewormed, and spayed/neutered at lower costs. Giving access to the public to the Louise R. Lester Spay & Neuter Clinic will increase the immunity of the community as a whole and reduce the changes of domestic animals spreading zoonotic diseases such as rabies or intestinal parasites.
- **Recovery Assistance:** When space is available, the SPCA offers the opportunity for those receiving assistance from the Salvation Army, Citizens Against Family Violence, and Red Cross to safely house their pets for 30 days. People who are homeless, recovering from house fires, starting over from abusive relationships, etc., can progress towards safety knowing that their pet will be safe. If they cannot reclaim the animal after 30 days, we will work with them to either place the animal up for adoption or extend the as needed.
- **Dog Park:** Thanks to a generous sponsorship from a community member, the SPCA renovated our public access dog park. The area now features a small dog park and a large dog park with fresh canine agility equipment. The park is open to the public during daylight hours.
