King's Grant, a not-for-profit Life Plan Community, has been setting the standards of excellence in senior living and health care services in Martinsville since 1993. Our beautiful campus is situated on over 120 acres of colorful gardens, blending gracefully into the natural beauty of the surrounding fields, ponds and streams.

Our residents enjoy active and independent lifestyles, knowing that access to other levels of care – assisted living, skilled nursing, and memory support – is available should the need arise. This means they continue to be a part of the community they've grown to love.

From cottages and garden homes to apartments, King's Grant offers thoughtfully designed residences with countless floor plans and styles. Our residents enjoy maintenance-free living in a tobacco-free community.

When it comes to senior living – choice matters. Choose King's Grant and become a part of Henry County's largest family!
